TA35BLK-2E

Overview

The elegant V7 Folio Stand for iPad 2nd to 4th generation provides the traveling professional with a multi-use design both for business, in the office or for fun at home. It adds versatility to the iPad with a built-in stand with three different adjustable viewing angles and heights that are ideal for viewing and typing as well as turning the iPad into a photo gallery or workstation. There are strategic cutouts to provide full access for the camera lens, ports, and the function buttons. An embedded magnet closure puts the iPad into sleep/wake mode by simply opening/closing the folio. A soft microfiber lining protects the iPad from scratches and scuffs.
The V7 Folio Cover with Adjustable Stand is designed to accommodate the Apple iPad 2 and the New iPad with stylish classic features such as sleek rounded corners, a magnetic closure, and an iconic smooth black cover with a black interior. In a silhouette thats instantly classic and contemporary, the cover protects and cushions your iPad 2 from bumps, bruises, scratches and scuffs. When you reach your destination, the folio props up in two secure positions to optimize browsing, viewing and reading. A lightweight design offers precise cutouts for front and rear camera lenses along with full access to all iPad 2 ports, connections and buttons.
High Quality Protection
The rugged polyurathane material allows the Folio Cover to shield against everyday wear and scratches, and absorbs impact without adding bulk. The soft-touch black finish with grey interior delivers adequate protection for daily iPad 2 use as well as adding a touch of style. And its light weight means you can help get a longer life out of your iPad 2 without adding unnecessary bulk.
Built for the iPad 2 and New iPad
The V7 Folio Cover is designed specifically for the iPad 2. A dual stand function allows you to adjust the viewing angle to the desired level. A magnetic closure ensures the iPad Folio Cover stays closed when not in use. The embedded magnet closure also puts your iPad into sleep/wake mode by simply opening/closing the folio. It is built with precise cutouts that allow full access to all ports and buttons.
